Job Description: Volunteer Recruiter, Program Coordinator

Volunteer Recruiter, Program Coordinator: Full Time • Charlotte, NC •

Start date to be set for as soon as possible.

About the Organization: Heart Math Tutoring (“Heart Tutoring”)

Heart Tutoring recruits and supports volunteers as tutors in high-poverty elementary schools with a mission of ensuring that all elementary students develop the strong foundation in math and enthusiasm for academics needed for long-term success. Almost sixty percent of economically disadvantaged students in Charlotte are not performing on grade level in math. Volunteer tutors are a powerful resource for addressing this, if given the right tools and support.

The program became a 501c3 nonprofit in July 2014 and supported 1,080 volunteer tutors across 22 school sites in Charlotte, NC in the most recent program year. To date, 98% of Heart Tutoring students have met program growth goals in math, and ~90% of teachers report that students show an increase in enthusiasm and/or confidence towards academics as a result of the program. Visit hearttutoring.org for more information.

We believe the program model is a good fit for up to 35-40 Charlotte schools and would be effective in other geographies. We are excited to add a new member to the team as the organization enters its next phases!
